This year, SECURITY!

Lifesaving tips when facing an armed intruder and more. Presented by Ted Hayes, safety consultant, author, and presenter...

- **Physical Security Controls**—The internal and external physical security controls to harden your operation to reduce the exposure of an armed intruder or even an active shooter!
- **“Hear Something, See Something, Say Something”**—The signs and indicators of an active shooter as well as identifying signs of escalation of verbal and/or physical altercations.
- **Visual Weapons Screening**—The physical and behavioral characteristics of an armed intruder and active shooter.
- **The A-B-C System of Shooter Weapon Control**—Action always beats reaction. Learn how to safely control a weapon of an armed intruder or active shooter.
- **Room Specific Security Controls**—Learn how to determine where the safest areas are in your company when facing an armed intruder or active shooter situation.
- **Security Concerns When Terminating an Employee**—There are numerous security controls to consider and implement when terminating an employee who may have violent tendencies.

Ted has been a featured speaker for the National Sheriffs Association, Law Enforcement Training Network, Wisconsin Housing Association and more. In 2014 Ted was chosen to the “Hot 100” list by Insurance Business in America.

It is critical that all our attendees support the New Jersey Manufactured Housing Association by reserving their rooms in the block at the Hard Rock Hotel & Casino for this meeting. The New Jersey Manufactured Housing Association receives a much needed incentive toward convention expenses based upon the number of attendees staying overnight at the hotel. If you stay in hotels other than the Hard Rock Hotel & Casino your attendance does not count toward our incentive.
